

City of Loma Linda Official Report

Floyd Petersen, Mayor
Karen Hansberger, Mayor pro tempore
Robert Christman, Councilmember
Stan Brauer, Councilmember
Robert Ziprick, Councilmember

COUNCIL AGENDA: January 27, 2003

TO: City Council

VIA: Dennis R. Halloway, City Manager 

FROM: T. Jarb Thaipejr, Public Works Director/City Engineer 

SUBJECT: Approval of the Installation of Three-Way Stop Signs and a crosswalk at the Intersection of Van Leuven Street and Poplar Street

RECOMMENDATION

It is recommended that the City Council approve the installation of three-way stop signs and a crosswalk at the intersection of Van Leuven St. and Poplar St.

BACKGROUND

Staff received numerous complaints from Loma Linda residents requesting for the installation of three-way stop signs at the above-noted intersection.

ANALYSIS

Staff conducted a Stop Sign Warrant Study utilizing the City's Administrative Policy for Stop Sign Warrants. Based upon the volume of vehicular traffic at the intersection of Van Leuven St. and Poplar St., the approach speed and pass-through traffic do meet the conditions from the City's Administrative Policy to install stop signs.

Staff forwarded this request to the Traffic Advisory Committee (TAC) at their January 8, 2004, meeting. The Traffic Advisory Committee reviewed the request. They concluded that a site hazard exists at the intersection and that it meets the requirements established by the City of Loma Linda's Administrative Policy. The Traffic Advisory Committee recommended that City Council approve the request for three-way stop signs at the intersection of Van Leuven St. and Poplar St.

If approved, the installation of the new stop signs will be installed as part of Van Leuven St. improvement project. This project is currently being advertised for bid and the bid opening is scheduled for February 10, 2004.
